DISAPPEARS ON WAY TO HAWAII

SAN FRANCISCO, Cal., Aug. 21. — The mysterious disappearance of Miss Flora Canover, schoolteacher of Palo Alto, has led to a search by the police. Relatives fear she has met with harm.

Miss Canover, who is 30 years old, came to San Francisco Monday, intending to sail on the steamer Lurline yesterday for Honolulu. She told her relatives that she would stop at the Cosmos Hotel.

When the Lurline sailed yesterday and she was not aboard, J. S. Canover, a brother, and Mrs. L. C. Booth of 42 Sierra street, a sister, went to the Cosmos Hotel. There they were told that the young woman had left the place suddenly after arriving Monday and that it was not known where she had gone.

Canover, in reporting the matter to Night Captain of Detectives Ryan, said that the circumstances of his sister's disappearance impressed him so strangely that he feared for her safety.

A FAILURE

Portland, Ore., Nov. 22, 1911. John J. Fulton Company.

Gentlemen: You no doubt remember my writing you that I had put a to Bright's Disease, the heart being patient on your Renal Compound after he had been given up by five physicians. Am sorry to say he passed away, but not from Bright's Disease.

He was suffering from heart trouble also and his heart seemed to have weakened. When he started on the compound he was an awful sight. His feet, legs and hands were swollen terribly, his kidneys did not act and his brain was not clear. Before he died (two weeks) this entirely left him and not a trace of albumen could be found.

The above was told me by his wife, who was feeling very much encouraged as he was getting his old self. She went to awaken him one morning away during the night. She regretted that she had not known of it in time to start him on the Renal Compound before.

Respectfully,
E. T. HIBBARD,
9022 Oregon Street.

In our judgment the death was due secondary to the obstructed kidney. There is nothing in the treatment for the heart, and as we have repeatedly said, when it is withheld until the heart is nearly exhausted in its efforts to force circulation through the choked kidney, failure can be expected, but even these cases occasionally recover where competent physicians aid the heart up to its work with appropriate heart and eliminative treatment. Fulton's Renal Compound can be had at Honolulu Drug Co.

CHARGED WITH THEFT HELP FOR CIRCUIT COURT

Ella Pihu and Mollie Keumi, charged with larceny of twenty dollars, were held over to the Circuit Court yesterday morning by Judge Monsarrat on the motion of their attorney, Clem Quinn, for a jury trial. Quinn refused to permit the trial to proceed in the Police Court when Judge Monsarrat overruled his motion that Leon Straus, acting for the prosecution, be compelled to submit a list of his witnesses.

HERE TO INSPECT MARINE CORPS

A high ranking officer of the United States Marine Corps, Colonel Charles H. Lauchheimer, arrived yesterday on the Manchuria, and is now engaged in an inspection of the marine barracks at Camp Verry. Until the sailing of the Ventura several days hence he will continue the inspection of troops, equipment and arms, going through Major Neville's command with the proverbial fine-tooth comb, and poking into odd corners in a way that only inspectors have the ingenuity to do.

Although inspecting officers in all arms and branches of the service make the oyster sound like a very garulous bi-valve when it comes to commenting on what they see and hear, Colonel Lauchheimer yesterday afternoon didn't appear like a man who had found anything amiss, or who had any expectations of so doing. In fact, Camp Verry is said to be one of the model stations of the marine corps, discipline and personnel being of a very high standard.

Yesterday morning Colonel Lauchheimer, whose official title is adjutant and inspector of the Pacific Inspection District, U. S. M. C., went directly from the steamer to the barracks, and commenced his inspection. This morning the battalion will be turned out in field equipment, and he will give the men a look-over ready for the road. There will be manoeuvres or hikes for the marines, however, all the work being confined to the limits of the post. Later Colonel Lauchheimer will inspect the accounts and records of Camp Verry.

MOUNTAIN KING MINE.

Word was received from Mountain King mine yesterday, making a further call for money. Vice-President Hall writes that he is standing off stockholders who want to subject the mine to judgment so they can buy it. He expects to strike paying ore within thirty days, when all loans from stockholders can be repaid. There is a movement among local shareholders to come through with their assessments.

WASHINGTON, D. C., Aug. 19. — Joseph E. Algue, director of the Philippines weather bureau, now in Washington, has invented an instrument, called a barocyclonometer, which will indicate the direction from which a cyclone or storm is approaching. The barometer will foretell a storm, but not its direction. Negotiations for manufacturing the invention are under way at the Navy Department, which plans to equip all its ships with the apparatus.
